## OBJECTIVE

To work in the motion graphics field where a knowledge and application of multiple graphics programs can help create a diverse work portfolio.

## EXPERIENCE

### Telepictures, Glendale, California

2008- Present

I am a Motion Graphics Artist for the television show Extra, responsible for daily production work and creating special graphics for new show segments.

### Amarillo Design Bureau, Inc., Amarillo, Texas

2007- 2008

I am the Graphics Director, responsible for creating all product covers and preparing them for print. Also responsible for the administration of the company's website.

### Animation Intern, 30 Second Street, Albuquerque, New Mexico

2005

Over the summer, I was the intern for the Animation Director at 30 Second Street. My main responsibility was to create the opening animation placed at the beginning of the company's demo reel. The reel is sent out to prospective clients throughout the country.

### Co2 Studios, Portales, New Mexico

2000-2005

While attending school, I ran a business providing video production services for various causes. I made a documentary and recorded live performances around the community. During this time I also made a website for a local business.
